Proposal #1 Involuntary Transfer
9/9/26 Counter Package with Personal Leave and Salary

ARTICLE V. TEACHING ASSIGNMENTS

B. Involuntary Transfers

1. A teacher may be involuntarily transferred to ~~another~~ a vacant building, grade level, or subject area position when necessary to meet programmatic, enrollment, or student needs within the District. For the duration of the 2026-2030 bargaining agreement, teachers within grades pre-K through 3 will not be transferred outside those grade bands and teachers within grades 4-8 will not be transferred outside those grade bands.
2. ~~Involuntary transfers shall be based on seniority and qualification. In the event more than one teacher is qualified, seniority (length of service in the school district) shall prevail. Reassignment, in that case, shall be in inverse order of seniority. The District will make reasonable efforts to consider teacher qualifications, certification, experience, and expressed preferences when making transfer decisions.~~ Involuntary transfers shall be based upon the consideration of factors that include without limitation certifications, qualifications, merit and ability (including performance evaluations, if available), and relevant experience, provided that seniority will be considered as a factor if all other factors are determined by the school district to be equal.
3. Any necessary change will be relayed to the teacher involved as soon as possible. At the request of the teacher, a meeting between the building principal and the teacher will be held at a mutually acceptable time to discuss the assignment. In the event an involuntary transfer becomes necessary, the Superintendent or his/her designee will hold a meeting with the affected teacher for the specific purpose of discussing the rationale for such transfer, prior to the Superintendent's decision on the transfer.
4. The teacher shall receive a written record of the conference, with the reasons for the transfer, within five (5) school days of said conference. Should a teacher find the result of the conference to be unsatisfactory, regarding a grade level or subject area transfer, he/she can appeal in writing to the Superintendent. Should a teacher find the result of the conference to be unsatisfactory regarding a transfer to a different building, he/she can appeal in writing to the Board of Education. Written appeals should include reasons for appealing the transfer.
5. The District will move classroom materials for teachers who are involuntarily transferred at the teacher's request. For teachers who are involuntarily transferred within the previous three years, a reasonable effort shall be made to avoid another involuntary transfer. To ensure a successful transition, teachers that are involuntarily transferred will be offered a colleague, preferably in a like position, to serve as a mentor in accordance with the District's Mentor and Induction program. Teachers notified of an involuntary transfer after May 15 to take effect at the start of the next school year will receive a one-time \$500 payment to compensate the teacher for time lost in order to move and prepare for their new position.
